PROGRAM

Fall 2023 Admission For this Major:

Transfer students who select this major on their College of Letters and Science (L&S) application and are offered admission to L&S will be directly admitted into this major. No additional steps are required to be admitted to the major

If you are interested in this major, it is very important to select this major on your application. If you do not select this major on your application, it may not be possible for you to declare this major at a later date. Complete as many lower-division major requirements as possible prior to transfer. See details on course preparation for this major below.

Social Welfare is an impacted major that allows a limited number of students to declare each year. For normal progress toward graduation, transfer students must complete all lower division prerequisites for the major prior to fall enrollment at Berkeley.

Transfer students have the opportunity to declare the major during the summer transfer orientations offered by Berkeley. Admitted students who do not plan to attend a summer orientation should contact the Social Welfare Undergraduate Advisor as soon as possible after admission to discuss declaring the major.

The five prerequisites must be completed with a minimum letter grade of C in order to declare the major. This applies to courses taken at Berkeley or equivalent courses taken at other institutions.

Note: Prerequisites completed prior to Spring 2006 will count with a C- or P grade.

Introductory Psychology (At UCB: Psychology 1, or 2)

Introductory Statistics (At UCB: Stats 2, 20, or 21, Soc 5, Poli Sci 3, Pub Health 142 or **any course that satisfies the College of Letters and Science Quantitative Reasoning Requirement**)

Introductory Sociology (At UCB: Sociology 1, 3, 3A, or 3AC)

The College of Letters and Science Reading and Composition requirement. (This is a 2-course series. At UCB: English R1A + R1B)

RECOMMENDED

It is suggested that three other courses (introductory anthropology, introductory economics, and introductory political science, as listed below) should be taken as preparation for the major, but these courses are not required to declare the major.
