

# Articulation Agreement by Major

Effective during the 2022-2023 Academic Year

To: University of California, Santa Cruz  
2022-2023 General Catalog, Quarter

From: De Anza College  
2022-2023 General Catalog, Quarter

## Global and Community Health, Public and Community Health Concentration B.S.

### GENERAL INFORMATION FOR ALL MAJORS

All transfer applicants must satisfy University of California admissions eligibility requirements as well as meet campus selection criteria. All admission requirements must be completed by the end of spring prior to transfer. For more information on UC admissions eligibility requirements and admission to UC Santa Cruz, please visit the Admissions website:

<https://admissions.ucsc.edu/attend-ucsc/transfer-students>.

This articulation agreement lists course-to-course, sequence-to-sequence or requirement substitutions for preparation in the major. **Transfer students are strongly encouraged to complete as many major preparatory courses as possible prior to enrolling at UCSC. Completion of all major preparatory courses is not an admissions requirement, but some majors require certain courses to be completed prior to transfer with a specified GPA, and completion or near completion of major preparatory courses will help students move more efficiently toward graduation after transfer.**

UC Santa Cruz Advanced Placement (AP) and International Baccalaureate (IB) credit policies are detailed in the link below:

### GLOBAL AND COMMUNITY HEALTH, PUBLIC AND COMMUNITY HEALTH CONCENTRATION B.S.

The goal of the Global and Community Health (GCH) B.S. program is to serve the needs of students who aspire to a wide range of careers in healthcare. Students in this program will learn about the biological bases of health and disease and how social, political, economic, and environmental factors interact with the biology to create patterns of disease in communities and societies.

The public and community health concentration, while still compatible with many professional school programs, is designed for students who wish to receive a broader education that will prepare them to understand both the biological and social determinants of health.

Please visit the department's website to learn more about this major: <https://transform.ucsc.edu/work/gch/>

#### ADMISSIONS SELECTION CRITERIA

To be considered for admission to the Global and Community Health, Public and Community Health Concentration B.S., transfer students must complete the following courses or their equivalents with a grade of C (2.0) or better, by the end of the spring term for students planning to enter in the fall:

CHEM 1A: General Chemistry

CHEM 1B: General Chemistry

CHEM 1C: General Chemistry

CHEM 8A: Organic Chemistry

BIOL 20A: Cell and Molecular Biology

\*BIOL 20L: Experimental Biology Laboratory

BIOE 20B: Development and Physiology

#### **Plus one of the following options:**

MATH 11A: Calculus with Applications **OR** MATH 19A: Calculus for Science, Engineering, and Mathematics

\*BIOL 20L is not required for students who have completed BIOL 20A and BIOE 20B at a California community college.

#### **In addition, the following courses are recommended prior to transfer to ensure timely graduation:**

#### **One of the following options:**

MATH 11B: Calculus with Applications **OR** MATH 19B: Calculus for Science, Engineering, and Mathematics

#### **Plus the following courses:**

STAT 7/7L: Statistical Methods for the Biological, Environmental, and Health Sciences and Statistical Methods for the Biological, Environmental, and Health Sciences Laboratory

CHEM 8B: Organic Chemistry

CHEM 8L: Organic Chemistry Laboratory

Prospective students are encouraged to prioritize required and recommended major preparation, and may additionally complete courses that articulate to UC Santa Cruz general education requirements as time allows.

**THIS IS A SCREENING MAJOR.** For more information on screening major requirements please visit the Admissions website: <https://admissions.ucsc.edu/posts/screening-major-selection-criteria>
