### GENERAL INFORMATION FOR ALL MAJORS

All transfer applicants must satisfy University of California admissions eligibility requirements as well as meeting campus admission selection criteria. Completing the UC transfer admission requirements in English and mathematics by the end of the fall term prior to the fall application quarter makes an applicant more competitive for admission to UCSB. All admission requirements must be completed by the end of spring prior to transfer. For more information on UC admissions eligibility requirements and admission to UCSB, please visit the Admissions website: [www.admissions.ucsb.edu](http://www.admissions.ucsb.edu)

This articulation agreement lists course-to-course or sequence-to-sequence substitutions for preparation in the major. **Transfer students are strongly encouraged to complete as many major preparatory courses as possible prior to enrolling at UCSB. Completion of all major preparatory courses is not an admissions requirement, but some majors require certain courses to be completed prior to transfer with a specified GPA, and completion or near completion of major preparatory courses will help students move more efficiently toward graduation after transfer.**

Please note that the course "equivalencies" do not necessarily apply to UCSB general education. For information concerning satisfaction of UCSB general education requirements, please refer to the General Education/Breadth articulation agreement.

**Advanced Placement (AP)** and **International Baccalaureate (IB)** exams may or may not be used to meet course requirements, depending on the exam. Please refer to the [AP Chart](#) and [IB Chart](#) in the [UCSB General Catalog](#) for information on how we use AP and IB exams.

### MUSIC STUDIES PROGRAM

The Department of Music offers two undergraduate degree programs: the Bachelor of Arts in Music Studies (B.A.) and the Bachelor of Music (B.M.). The Bachelor of Arts in Music Studies is an innovative program focusing on the academic study of music as a social, cultural and historical practice. The degree includes a required performance component in addition to advanced coursework in Music History, Ethnomusicology, and Music Theory.

All incoming Music Studies, B.A. majors must take a placement test in written theory skills and aural skills. In addition, students must audition for admission to performance classes. All Music Studies, B.A. students are required to register for the Music 3 series (Music 3A-B-C) and encouraged to enroll in French, German, or Italian courses.

Performance ensembles are available for all qualified students (including non-majors) pending audition. Ensembles include Wind Ensemble, Chamber Music, several ethnomusicology ensembles, as well as Choirs, Chamber Orchestra, Opera and Piano Ensembles.
