GENERAL INFORMATION

The Urban Studies major is an interdisciplinary program for students who want to learn how to foster more equitable, inclusive, sustainable and livable cities. It integrates theories, analytical tools, and experiences from the fields of planning, policy, and design to investigate the causes, prevalence, and consequences of urban challenges and to develop approaches for addressing them.

For transfer student admission, preference will be given to junior-level applicants with the highest grades overall.

This major does not require completion of prerequisites for admission as a transfer student.

NOTE: In fulfillment of the major preparation below, a single course may be used only once.

For information regarding the [AP and IB examination](#) credit policies refer to the UCI General Catalogue.
