

Articulation Agreement by Major

Effective during the 2022-2023 Academic Year

To: University of California, Berkeley
2022-2023 General Catalog, Semester

From: De Anza College
2022-2023 General Catalog, Quarter

Atmospheric Science, Lower Division B.A.

COLLEGE OF LETTERS AND SCIENCE

COLLEGE ADMISSION REQUIREMENTS FOR TRANSFER STUDENTS THIS MAJOR IS OFFERED BY THE COLLEGE OF LETTERS AND SCIENCE (L&S).

By the end of the spring term preceding fall enrollment at Berkeley, you must complete:

- 1) The L&S Requirements in Reading & Composition, Quantitative Reasoning, and Foreign Language; **OR**
- 2) IGETC

Major Requirements:

Complete as many lower division major requirements as possible. See details on preparation for this major below.

Primary selection criteria for admission, in general:

- completion of L&S Requirements (or IGETC), plus
- strength of academic preparation, and
- grade point average.

PROGRAM

Fall 2023 Admission For this Major:

Transfer students who select this major on their College of Letters and Science (L&S) application and are offered admission to L&S will be directly admitted into this major.

If you are interested in this major, it is very important to select this major on your application, and complete as many lower-division major requirements as possible prior to transfer. See details on preparation for this major below.

The Department of Earth and Planetary Science (EPS) offers six undergraduate majors leading to a B.A. degree in one of the following majors:

- Atmospheric Science;
- Environmental Earth Science;
- Geology;
- Geophysics;
- Marine Science; and
- Planetary Science.

The degree provides quantitative studies of the earth and is an excellent program toward further studies in graduate school or for active roles in environmental decision making, teaching in high schools, and for job opportunities requiring a basic understanding of natural sciences.

All six majors require one semester of general chemistry, one year of physics, one year of calculus, and EPS 50.

AP scores may be used to clear some of the major requirements in chemistry, calculus, and biology. Contact the EPS Student Services Advisor for details.
