From: De Anza College
2022-2023 General Catalog, Quarter

Global and Community Health B.A.

GENERAL INFORMATION FOR ALL MAJORS

All transfer applicants must satisfy University of California admissions eligibility requirements as well as meet campus selection criteria. All admission requirements must be completed by the end of spring prior to transfer. For more information on UC admissions eligibility requirements and admission to UC Santa Cruz, please visit the Admissions website:

<https://admissions.ucsc.edu/attend-ucsc/transfer-students>.

This articulation agreement lists course-to-course, sequence-to-sequence or requirement substitutions for preparation in the major. **Transfer students are strongly encouraged to complete as many major preparatory courses as possible prior to enrolling at UCSC. Completion of all major preparatory courses is not an admissions requirement, but some majors require certain courses to be completed prior to transfer with a specified GPA, and completion or near completion of major preparatory courses will help students move more efficiently toward graduation after transfer.**

UC Santa Cruz Advanced Placement (AP) and International Baccalaureate (IB) credit policies are detailed in the link below:

GLOBAL AND COMMUNITY HEALTH B.A.

Global and Community Health (GCH) is an interdisciplinary field of study that is connected both to urgent practical work in the world at large and the core concerns of a liberal arts education. The GCH B.A. is appropriate for students interested in careers ranging from medicine, nursing, dentistry and pharmacy to public health and environmental health work in governmental agencies, to global health and community health work with non-governmental organizations, law firms and universities.

Please visit the department's website to learn more about this major: <https://transform.ucsc.edu/work/gch/>

PREPARATION FOR THE MAJOR

GCH 1: Foundations for Global and Community Health

Four lower-division electives, one each from four competency areas:

Natural Science and Bioenvironmental Competency

Social Science and Political-Cultural Competency

Quantitative Competency

Linguistic Competency (See Applied Linguistics and Languages [Placement and Articulation Information](#)).

THIS IS A NON-SCREENING MAJOR. While completion of specific major courses is not required prior to transfer, students are encouraged to complete as much of the lower-division major preparation as possible as this may affect time to degree.

For more information on major requirements please visit the Admissions website:
