### GENERAL INFORMATION

**DATED MATERIAL, SUBJECT TO CHANGE. PLEASE CONSULT CURRENT UCSD GENERAL CATALOG FOR ANY ADDITIONAL INFORMATION.**

#### Latin American Studies

The Bachelor of Arts in Latin American studies blends coverage of methodological and theoretical approaches to the study of Latin America with a broad foundation in the Humanities and Social Sciences through an interdisciplinary approach.

This degree prepares students for careers in education, government, business and non-profit agencies. It also equips the student with strong research and writing skills in preparation for graduate school.

To prepare for this major students may complete the language requirement at the community college level by taking courses equivalent to UCSD's course LTSP 2A (or above). Students who satisfy this requirement by examination are encouraged, but not required, to study Portuguese. Students are encouraged to enroll in courses that will develop strong reading and writing skills. Students are also strongly encouraged to participate in Education Abroad Programs in Brazil, Spanish-speaking Latin America, or Spain during their junior year.
