### IMPORTANT MAJOR INFORMATION

Listed below are the lower division preparation courses for the major. **To be competitive for admission, it is strongly recommended that students complete four (4) major preparation courses including Microeconomics and Introduction to Statistical Reasoning by the end of the fall prior to transfer.** Students must take all major prep courses for a letter grade and receive a B grade or better in these courses to be competitive. Additional major prep should be completed by the end of the spring before to transfer. While AP Exams may be beneficial for transfer credit, they will NOT be acceptable to satisfy major preparation for students applying for fall 2020 and later. **To be considered for admission, applicants to the Public Affairs pre-major must have a minimum cumulative 3.2 GPA in all transferable coursework at the end of the fall. Students must attain junior level standing (at least 60 semester/90 quarter transferable units) by the end of spring prior to transfer. You must be admitted directly as a Public Affairs premajor. You will not be able to change into this major after admission to UCLA.** California Community College students are strongly encouraged to complete IGETC; all other transfer students are encouraged to make progress toward completion of the Luskin School's general education requirements. **For more information regarding this major and UCLA's transfer selection process, visit <https://luskin.ucla.edu/undergraduate-program> and <https://admission.ucla.edu>.**

**PLEASE NOTE: the community college courses listed below have been approved to satisfy preparation for this major at UCLA, but they may not be exact equivalents of the UCLA courses listed.**
