

Articulation Agreement by Major

Effective during the 2022-2023 Academic Year

To: University of California, Santa Barbara
2022-2023 General Catalog, Quarter

From: De Anza College
2022-2023 General Catalog, Quarter

Earth Science, B.S. - Geophysics Emphasis

GENERAL INFORMATION FOR ALL MAJORS

All transfer applicants must satisfy University of California admissions eligibility requirements as well as meeting campus admission selection criteria. Completing the UC transfer admission requirements in English and mathematics by the end of the fall term prior to the fall application quarter makes an applicant more competitive for admission to UCSB. All admission requirements must be completed by the end of spring prior to transfer. For more information on UC admissions eligibility requirements and admission to UCSB, please visit the Admissions website: www.admissions.ucsb.edu

This articulation agreement lists course-to-course or sequence-to-sequence substitutions for preparation in the major. **Transfer students are strongly encouraged to complete as many major preparatory courses as possible prior to enrolling at UCSB. Completion of all major preparatory courses is not an admissions requirement, but some majors require certain courses to be completed prior to transfer with a specified GPA, and completion or near completion of major preparatory courses will help students move more efficiently toward graduation after transfer.**

Please note that the course "equivalencies" do not necessarily apply to UCSB general education. For information concerning satisfaction of UCSB general education requirements, please refer to the General Education/Breadth articulation agreement.

Advanced Placement (AP) and **International Baccalaureate (IB)** exams may or may not be used to meet course requirements, depending on the exam. Please refer to the [AP Chart](#) and [IB Chart](#) in the [UCSB General Catalog](#) for information on how we use AP and IB exams.

EARTH SCIENCE

Please visit the department's website to learn more about this major: www.geol.ucsb.edu

An initial consultation with a departmental advisor is essential before embarking on the Earth Science major.

A grade of C- or better is required in all courses in the major preparation.

The Earth Science majors are: Earth Science, B.A.; Earth Science B.S. - Climate and Environment Emphasis; Earth Science, B.S. - Geohydrology Emphasis; Earth Science, B.S. - Geology Emphasis; Earth Science, B.S. - Geophysics Emphasis; Earth Science, B.S. - Paleobiology Emphasis.

PRE-MAJOR INFORMATION

Students are admitted initially to **Pre-Earth Science**, not directly to the major. Admission to the full major is contingent upon completion of the Pre-Major courses with a combined GPA of at least 2.3 in those courses completed at the University of California. The **Pre-Major** courses are:

- Earth 2
- Earth 3 or 4 (or Earth 9, 11, or 20 for Geophysics); (Earth 3 is a prerequisite for Earth 122 which is required for Earth Science Major, B.A., and for the Paleobiology and Geology Emphases)
- Chemistry 1A & 1AL
- MATH 3A (or MATH 34A for the Paleobiology Emphasis)

Admission to the Pre-Major does not guarantee admission to full major status.

EARTH SCIENCE, B.S. - GEOPHYSICS EMPHASIS

PREPARATION FOR THE MAJOR:

Math 3A, 3B, 4A, 4B, 6A, 6B

Chemistry 1A-1AL-1B-1BL

Earth 2

One course from: Earth 3, 4, 9, 11, or 20

Physics 1-2-3-3L-4-4L-5-5L (or Physics 21-22-23-3L-24-4L-25-5L)

Computer Science 8 or 16 or Earth 175

(Transfer applicants do not need to complete all of the Preparation for the Major in order to be admitted, but should complete as much as possible before transferring so they will be prepared to progress in the major at UCSB.)

Recommended: Writing 109ST
