## Nursing-Generic/Prelicensure/B.S.

### IMPORTANT MAJOR INFORMATION

The **Prelicensure Bachelor of Science (B.S.)** degree program at UCLA has been designed to prepare students for a career in nursing. This is a both a two and three year program. The program will focus on managing both individuals and population-based cohorts within an acute care hospital or medical center. The curriculum has been developed according to the principles of primary, secondary, and tertiary prevention; moving from a systems, population-based approach, to a cohort-based or unit-based perspective, and culminating with an intense focus on the individual-level care.

Graduates of the program will be well-prepared to deal with the demands of the present day high acuity patient populations and sophisticated technological environments. The California Board of Registered Nursing has approved this program. Graduates will be eligible to take the National Council Licensing Examination (NCLEX) to be certified as an RN after completion of the program.

In addition to the general UC application for admission, applicants to the nursing program must complete a supplementary application with the School of Nursing. The Nursing/Prelicensure program is not open to second baccalaureate applicants. Students with a non-nursing baccalaureate degree should apply for the Masters Entry Clinical Nurse (MSN/MECN) program. **For more information regarding this major and UCLA's transfer selection process, visit [www.nursing.ucla.edu](http://www.nursing.ucla.edu) and <https://admission.ucla.edu>.**

#### Admission Requirements:

Completion of specified major prerequisites with C or better grades.

A Statement of Purpose that includes an assessment of potential for nursing practice and a clear statement of goals after completion of the program

Recommendations from two appropriate sources (teacher or counselor or professional) who has had a supervisory, educational or mentoring relationship with you

A minimum, cumulative grade point average of 3.5 in all UC-transferable courses.

#### IGETC CERTIFICATION

Complete the University's American History and Institutions requirement. Consult the UCLA catalog at [www.registrar.ucla.edu](http://www.registrar.ucla.edu) to identify courses or examinations that satisfy this requirement.

PLEASE NOTE: some of the community college courses in English Composition listed on this major agreement have been approved as substitutes to satisfy the preparation requirements for this major, but they may not be exact equivalents of the UCLA courses listed. An additional course in English Composition may be required post transfer. In addition, upper division requirements for the major may be satisfied by lower division community college course(s) listed below, however, credit will be determined by the department after transfer.
