REQUIREMENTS

Fall 2023 Admission For this Major:

Transfer students who select this major on their College of Letters and Science (L&S) application and are offered admission to L&S will be directly admitted into this major.

If you are interested in this major, it is very important to select this major on your application, and complete as many lower-division major requirements as possible prior to transfer. See details on preparation for this major below.

PREPARATION FOR TRANSFER AT THE JUNIOR LEVEL

Complete the following lower division courses or their equivalents:

- Sociology 1 (Introduction to Sociology);
- One course in either statistics or logic.

NOTE: Although some community colleges offer the equivalent of Sociology 5 (Evaluation of Evidence), most do not. It is recommended that transfer students take Sociology 5 in their first semester at UC Berkeley unless it is available at their community college.

Plan to complete any remaining prerequisites during your first semester at Berkeley. All three prerequisites, along with a minimum 2.0 cumulative gpa, are needed to declare the sociology major. You may declare the major while the last of your prerequisites are in progress at UC Berkeley.

Note: A score of 4 or 5 on the AP Statistics exam will satisfy the Statistics/Logic prerequisite for the Sociology major.
