GENERAL REQUIREMENTS

Applicants to majors in the College of Natural and Agricultural Sciences are selected on the basis of their academic preparation, as assessed by their GPA and the strength of preparation for their intended major. A GPA of at least 2.70 is required (this is a baseline GPA for consideration and not a guarantee of admission). Courses must be completed with a letter grade, with no grade lower than a "C". To be best prepared for upper division course work at UCR, students are advised to complete as many as possible of the lower division major requirements listed below prior to transfer, and to prioritize this course work above completion of breadth/general education courses.

Effective Fall 2024 transfer students must complete all Chemistry lab courses in-person to receive articulation to UCR's equivalent Chemistry lab courses. Completing Chemistry lab courses online will not impact your ability to transfer. Transfer students who complete Chemistry lab courses online will be required to retake the lab courses at UCR.

In addition, complete community college courses comparable to the **two** following UCR year-long sequences in order to meet selection criteria for this major. Courses must be completed with "C" grades or better prior to transfer.

Required Course Sequences

Biology BIOL 5A/5LA, BIOL 5B (and BIOL 5C, if articulated) (**mandatory**)

Chemistry CHEM 1A/LA, CHEM 1B/LB, CHEM 1C/LC (**mandatory**)

Update: Effective fall 2023, the following equivalency to UCR courses must be completed in order to meet selection criteria for this major.

Mandatory Sequences

Biology BIOL 5A/5LA, BIOL 5B (and BIOL 5C, if articulated) (**mandatory**)

Chemistry CHEM 1A/LA, CHEM 1B/LB, CHEM 1C/LC (**mandatory**)

Math 9A, MATH 9B or MATH 7A, MATH 7B (**mandatory**)

AP Exam - Satisfy Course Requirement Section

Mathematics: AB Exam or AB Subscore from BC Exam

Minimum score of 3 satisfies MATH 9A **or** MATH 7A

Minimum score of 4 satisfies MATH 9A, MATH 9B, MATH 9C **or** MATH 7A, MATH 7B, MATH 9C

Mathematics: BC Exam

Minimum score of 3 satisfies MATH 9A and MATH 9B **or** MATH 7A and MATH 7B

Areas of Specialization within the Plant Biology major: (all upper division units)

1. Plant Cellular, Molecular, and Developmental Biology
2. Plant Genetics, Breeding, and Biotechnology
3. Ecology, Evolution, and Systematics
4. Plant Pathology, Nematology, and Pest Management

Students who are working towards the B.A. degree are also encouraged to complete the foreign language breadth requirement prior to transfer. This requirement is 4th quarter/3rd semester proficiency in one foreign language.

IGETC and General Education/Breadth Information

IGETC is not accepted for majors housed in the College of Natural and Agricultural Sciences. Courses taken for IGETC will be applied to the College's breadth pattern as appropriate. Transfer students who wish to supplement their math and science preparation with humanities or social science courses are encouraged to follow the College of Natural and Agricultural Sciences breadth pattern. You may view the breadth requirements for College of Natural and Agricultural Sciences by visiting the [2022-23 Catalog](#), pages 87-89.
