Articulation Agreement by Major

Effective during the 2022-2023 Academic Year

To: University of California, Davis 2022-2023 General Catalog, Quarter From: De Anza College 2022-2023 General Catalog, Quarter

Mechanical Engineering B.S.

INFORMATION AND ADVISORIES

INFORMATION AND ADVISORIES FOR ALL MAJORS

UC Davis transfer students must meet the minimum UC transfer admission requirements by the end of Spring term prior to Fall enrollment. This page lists UC Davis courses with the equivalent substitutes from other colleges for preparation of the specified major. Although not required, transfer students are strongly advised to complete as many major preparatory courses as possible for their major before enrolling at UC Davis. See UC Davis Transfer Admissions for more information covering course and GPA requirements before transferring to a particular major. Some required major courses do not apply to GE criteria- refer to the General Education agreement below for more information. Advanced Placement (AP) and International Baccalaureate (IB) exams are case specific as course requirements are fulfilled depending on the exam. Completing the IGETC will completely satisfy the GE requirements that may be met with lower-division courses at UC Davis. For more information concerning satisfaction of UC Davis GE requirements in regards to IGETC, IB, AP scores, refer to the General Education/Breadth section of ASSIST or view the "General Education" section of the UC Davis General Catalog. Quick reference charts for AP and IB credit are also available here.

ADMISSION IN MECHANICAL ENGINEERING:

Applicants to the Engineering major who complete the equivalent of all the REQUIRED UC Davis major preparation courses and as many of the STRONGLY RECOMMENDED courses as possible with a major prep GPA of 3.20 or higher are the most competitive for admission. Applicants without all of the REQUIRED courses will be reviewed for admission, but will have less competitive applications. Courses for the major taken prior to admission must be completed with no grades lower than "C". AP or IB examinations may satisfy UC Davis course equivalents. If you have any additional questions please contact your <u>UC Davis Counselor</u>.

Transfer Admission Guarantee (TAG) Note:

GPA and other requirements to obtain a UC Davis TAG may differ from those stated here for general transfer admission to the major.

REQUIRED preparation courses:

- Chemistry 002A/B
- Engineering 004, 006, 017, 035
- Mathematics 021A/B/C/D
- Mathematics 022A/B
- Physics 009A/B/C

Additional Recommendations:

- Communication 001 or Engineering 003
- Engineering 045
- English 003 or University Writing Program 001

MAJOR PREPARATION

• Please carefully review Information and Advisories and Course Articulation Details

COURSE ARTICULATION DETAILS

- <u>Important note</u>: Due to the limitations and bugs on the ASSIST platform at this time, it is important to view both the department and major agreements for a complete picture of the articulation arrangements. <u>Please refer to the appropriate department agreements in conjunction with the major agreement below.</u>
- Please check the UC Transferability Lists on ASSIST for information on any credit limitations.
- Attention: Articulation agreements are California Community College specific. Lower division courses that are taken at multiple
 California Community Colleges, including those within a shared district, may articulate differently from what is indicated in the
 department or major agreements. It is recommended that series courses be completed at the same California Community
 College. Please contact your California Community College counselor for more information.

REQUIRED COURSES FOR ADMISSION

Highly recommended to complete the entire series If the entire sequence is not completed prior to transfer, students must consult an advisor prior to enrollment Complete entire sequence at same institution prior to transfer

CHE 002A - General Chemistry (5.00)	←	CHEM 1A - General Chemistry (5.00)
		 Effective next fall, this articulation will be revised
		Or
		CHEM 1AH - General Chemistry - HONORS (5.00)
		 Course is articulated in more than one agreement but credit can only apply to one
		Effective next fall, this articulation will be revised
CHE 002B - General Chemistry (5.00)	←	CHEM 1B - General Chemistry (5.00)
		 Effective next fall, this articulation will be revised
		Or
		CHEM 1BH - General Chemistry - HONORS (5.00)
		 Course is articulated in more than one agreement but credit can only apply to one
		Effective next fall, this articulation will be revised

	Or
CHE 002AH - Honors General Chemistry (5.00)	 CHEM 1AH - General Chemistry - HONORS (5.00) Course is articulated in more than one agreement but credit can only apply to one Effective next fall, this course will no longer articulate
CHE 002BH - Honors General Chemistry (5.00)	 CHEM 1BH - General Chemistry - HONORS (5.00) Course is articulated in more than one agreement but credit can only apply to one Effective next fall, this course will no longer articulate
